The petition for the incorporation of Hillsboro, which comprises territory adjacent to the towns of San Mateo and Burlingame, was read. A. H. Redington and E. F. Fitzpatrick appeared for the petitioners and asked that the petitions be filed and a day set for hearing. The request was granted. A petition and resolution from the city trustees of San Mateo was read, asking that certain territory be eliminated from the proposed incorporation, claiming that it rightfully belonged to the city of San Mateo. C. N. Kirkbride, who represented the San Mateo trustees, asked that the petition be filed. Attorney Redington objected to this on the plea that those outside the proposed incorporation have no voice in the matter. Kirkbride quoted the law which showed that he was standing on his legal rights. He claimed that not only were adjacent towns interested but the whole state as well. The petition was finally ordered filed.

The usual testimony required by the statute was then taken. County Surveyor, J. V. Neuman, testified as to preparing a map of Hillsboro and giving a detailed statement of the proposed boulevards. G. H. Howard, Mr. Eldridge and William Monroe vouched for the genuineness of the signatures, saying they were all bona fide residents and that Hillsboro contained a population of over 500 and less than 3,000 inhabitants. John A. Hoey and G. L. Conens secured the signatures to the petition, declaring the signers to be all residents and taxpayers of the territory proposed to be incorporated. R. G. Hooker, a resident of El Cerrito Park, said all the people of that place favored incorporation. Norris K. Davis spoke in a similar manner for Highland Park.

A petition from the trustees of Burlingame was read asking that certain territory be eliminated that would at sometime be added to Burlingame. The petition was filed.

After considerable discussion the matter was finally disposed of by fixing Monday, February 14th., as the day for hearing the petition.

District Attorney Bullock presented the returns of the bond election held in Jefferson school district, December 4, 1909. The customary resolution was adopted declaring that the bonds had legally carried. The clerk was instructed to advertise for bids for the sale of the bonds, said bids to be opened on March 7th.

The complaint of George A. Kertell, foreman of the grand jury, to have the license of Maud Earl revoked, was taken up and thoroughly thrashed out. Kertell read a lengthy statement in which he quoted a U. S. supreme court decision going to shoy that the board had full authority to act in the matter.

Mr. Cariglia, whose affidavit was read at the last meeting showing how he was robbed at the County Line saloon conducted by M. Millet, but which saloon business is in the name of Maud Earle, appeared before the board. He detailed at length how he was brought to the place by a stranger who told him there was to be a ladies' wrestling match there. He took a cigar and had only a hazy recollection of events after that. He remembered going upstairs and being forced to play roulette, lost $9 in cash and a check for $925. E. F. Fitzpatrick, representing the accused, objected to the testimony. On this showing Mr. Kertell asked that the license be revoked.

Mr. Fitzpatrick was permitted to present testimony. Maud Earl said she owned the building where the saloon was kept and the upper part of the building was rented as a club. She knew nothing of the robbery. She claimed that M. Millett was the manager of the saloon.

P. H. Brooks, a sign painter, said he had painted the sign "M. Millett, proprietor," on the building by mistake.

At this juncture Casey moved that the livense be revoked, but the motion finding no second the further hearing went over until the next regular meeting.

Dias Bros. were granted a permit to peddle meat at Pescadero; Messo Bros., to peddle drygoods at Vista Grande.

Henry Schulken was granted permission to excavate the county road at the Homestead in the Second township, to lay water mains.

Permission was given the people of San Bruno to erect a mission bell at San Mateo avenue and El Camino Real.

Permission was given the people of Vista Grande to change the name of Railway street to Panama street.

Plans and specifications for grading and oiling the Middlefield road were accepted and the clerk instructed to advertise for bids.

The O'Brien Construction Company asked for $270 to put in extra plumbing articles in the courthouse, claiming that several of those gathered from the wreck of the old building were missing and broken and that others were out of date. The board held that the contractors were responsible for material. The matter went over for further investigation.

Bids for lighting the Colma light district were ordered opened. There was only one bid, that of the South San Francisco Power and Light Co., who offered to put in the system for $4,210.80. Thos. Spellman, representing the Colma Improvement Club, claimed that the lights were not scattered enough to suit the residents of Colma. H. W. Brown also objected to the manner in which the lights were allotted. Action on the bid was deferred until February 21st.

The same action was taken on the bid of the same company for the San Bruno lighting district.

The following liquor dealers were granted licenses to retail liquor.

Liquor licenses granted—First Township—D. McSweeney, South San Francisco; Bernard Ward, San Bruno; Garrett Welch, Bay Shore; Henry Bauer, Colma; Mrs. C. Bracken, Vista Grande; Otto Berlinger, San Bruno; J. Gillan, Colma.

Second Township—P. L. Archibald, H. C. Caldwell, Belmont; San Mateo Hotel Company, San Mateo.

Fifth Township—E. J. Montevaldo, San Gregorio.

METAMORA TRIBE ORGANIZED

Members of Improved Order of Red Men Erect Wigwam in Local Hunting Grounds.

The members of the Fire Company continued their reputation as the leading entertainers of the town. At their eight annual ball, which was given on the evening of April 30th, there was the largest gathering of this character ever held in the town, there being no less than 90 couples on the floor at one time. While the majority of these were local people, quite a few came from San Francisco, while there were several couples from San Jose and neighboring villages. One of the features of this dance was the supper, which was served by Charles Ayers at the Tremont House.

The records of the County Recordor's offiice would seen to indicate that San San Mateo County real estate was in considerable demand during the earlier days of its history. During the month of May, 1869, no less than 79 deeds to real estate in this county were filed for record. Some of these transactions would also justify the opinion that town lots in Redwood City were not to be had for the asking. Among the deeds filed was from H. Rivers to J. Stafford, conveying lots 2 and 11 of the Eastern Addition to Redwood City for $500. During the month J. Donovan and wife sold to P. Cullen lots 1 and 2 of block 10 of the Eastern Addition for the consideration of $400. At the same time two lots in Belmont were sold for $420. At the same time acerage property in general in the county could be bought for comparatively small prices, the average of the sales not exceeding $25 per acre.

The political campaign in this county in 1869 was exceedingly short, as although the election was held in September, no nominations were made until August 16th, when the Democratic ticket was placed in the field, and the Republicans did not hold their convention until a week later. For two of the offices to be filled the Democrats were unable to find a man of their own faith willing to accept a nomination or possessing even a claimed fitness for the office and they were compelled to nominate men who were avowedly Republicans. The two Republicans placed on the ticket were Dr. Merrill, for treasurer, and E. E. Fine, for surveyor. The two tickets nominated were as follows: Republican—For member of Assembly, S. J. Finner; clerk and recorder, T. H. Noble; sheriff, Wilson Whitlock; district attorney, Andrew Teague; treasurer, S. S. Merrill; assessor, H. E. Lea; surveyor, A. S. Easton; school superintendent, H. N. Nutting; public administrator, John Greer; coroner, Dr. C. A. Kirkpatrick. Democratic—assemblyman, John Hayes; sheriff, T. W. Lathrop; clerk and recorder, John E. Tate; district attorney, George W. Fox; treasurer, S. S. Merrill; assessor, M. G. Kelly; surveyor, E. E. Fine; school superintendent, W. C. Crook; public administrator, John McDonald; coroner, J. W. Bartlett. With the exception of the sheriff and clerk, the entire Republican ticket was successful at the election, although the majorities received varied considerably, the largest majority being 205 in the contest for district attorney, and the smallest being but 11, in the contest for public administrator. For sheriff, Lathrop beat his Republican opponent by 66 votes. The total number of votes cast was 1017.

On the 28th of August, 1869, another great fraternal order was given a representation in this city with the organization of Metamora Tribe No. 24 of the Improved Order of Red Men. There were about 40 names on the charter list, a decidedly large number considering the population of the town at the time. The ceremonies of institution and the raising of the Chiefs of the Tribe were conducted by the Great Chiefs of the Reservation of California, the first Sachem being D. M. Knowlton. After the completion of the work of institution and the raising of the Chiefs, the members of the Tribe and their guests adjourned to the American Hotel where an elaborate banquet was served, and where the remainder of the night was spent in talks.

On the 20th of September another effort was made to provide a reading room and library for this town, this time at least with a fair measure of success. At the preliminary meeting, which was attended by a large number of interested persons, active steps were taken with an evident determination to

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A Commendable Ending.

The people of San Mateo County have much cause for congratulation with the settlement of the long pending contraversy over the deposit of county funds. The amicable adjustment reached of this troublesome dispute will meet the hearty approval of every true citizen of the county. By this means not only has the county been saved endless litigation, but much rancor and bitterness of feeling among neigbors will be avoided.

While the question of the liability under existing conditions of the banks or the treasurer for interest has by no means been definitely determined, this question is now in a condition where if occasion should arise it may be determined, as it properly should be, by the civil courts. In fact the officers of the First National Bank, in paying to the county the considerable sum required in the adjustment seem to indicate rather that the payment is made to avoid the expense and annoyance of a defense of their position in the controversy.

In receding from their original action and allowing this settlement of the question, we believe the members of the grand jury have acted wisely. We have alwas maintained that there was no occasion to resort to criminal action to recover any sum due from The First National Bank of this city. This bank is generally regraded as one of the most solvent and reliable institutions of the county, while Dr. J. L. Ross, its president, and L. P. Behrens, its cashier, are hailed as among our most upright and enterprising citizens.

That Treasurer P. P. Chamberlain has acted in good faith no one who knows the man will question. During his long years of public service he has been guilty of no act of commission or omission that might raise a question as to his integrity.

Let us be thankful the matter is thus ended and no further opportunity afforded scandal mongers abroad to besmirch the fair name of our county.

Improve Business Conditions.

A vote in favor of the issuance of bonds next Tuesday will be a vote in favor of better times in Redwood City during the next year. It is the universal experience of all cities that during the making of extensive public improvements business of every character receives a considerable impetus. The working man finds more employment, and as a natural consequence the merchant does an increased business.

That this will be the case in Redwood City if the vote is in favor of the issuance of the bonds—as we believe it will be—as it will mean the circulation of a considerable sum of money among our own people. If the bonds are sanctioned and the Trustees are authorized to borrow $42,500 for the purpose of making the needed improvements, by far the greater portion of this sum will be distributed among the people of this city for labor, which will constitute the greater portion of the outlay.

Even should there be a slight increase in the tax rate—which is hardly probable—the burden will certainly not be felt by the small tax payer, who will receive more than any amount he can possibly be called upon to pay in the increased opportunity for work. Long before this bond issue was considered the Trustees announced it as their policy that home labor was to be given the preference in public work for the city and they will certainly adhere to this policy in the future, so that there is no danger that this money will not go entirely for the benefit of our own people. Thus we will have the benefit of the public improvements for the full value of the money spent, and at the same time the additional advantage of the circulation of the money at home.

A Wise Decision.

The Board of Supervisors are certainly to be congratulated and to be commended by every citizen of this county for their action last Tuesday for putting the ban on prize fighting in San Mateo County. After the law, making it a felony to conduct, encourage or abet prize fights was presented to the board by that able and eloquent attorney, Henry Ward Brown, the Supervisors would take no action on the Hester application for a permit and it was withdrawn. The members of the Board pledged themselves to revoke the Coffroth license at the next meeting and District Attorney J. J Bullock, in strong language declared that the death knell to boxing contests had been sounded and while he was district attorney there would be no further contests "for skill" pulled off in the county. That settles it. The prize ring is for ever a thing of the paste at Colma. The Times-Gazette takes no little credit for its share in ridding this secton of one of the most degrading and demoralizing pas time in the county whose influence has done much to debauch the young men of the State. We repeat that the Supervisors, who are all men of probity, honesty and wish to subserve the best interests of the people, are to be highly commended for their action. The seal of approval is placed on their action by the whole people of the State and they will be pointed to as men who are not afraid to do their duty when called upon by their constituents.

Improve the County Road.

The necessity for the construction at this time of the bridges and retaining walls on the County Road—provision for which is made in the call for a bond issue to be submitted to the voters of the city on the 15th of this month—is perhaps far more pressing than may be at first realized by the citizen who has not given this subject particular consideration. Yet it is in reality one of the most important of the public works designed to be undertaken in the contemplated system of improvements, combining as it will a dual purpose, undertaken by the Trustees after most mature consideration.

While it is not expected that this plan if sanctioned will constitute a complete drainage system, it will form an important nucleus in the apparently only feasible plan for the relief of at least a large portion of the city from the annoyance of the waters of the winter rains which now render an important part of the city almost uninhabitable for a portion of the year.

This, however, is but a small portion of the benefit to be gained by the construction of the bridges and walls at this time. Without these improvements this important thoroughfare must remain for a long time at least, in its present disgraceful condition. While it is universally admitted that the County Road within the city limits should be improved with some permanent pavement, the hands of the Trustees are tied under existing conditions, from the fact that without the retaining walls it has been found impossible to compel the improvement of the roadway from the fact that if attempted, there is no means of preventing the surface from slipping into the waterways at the sides of the road. Nor can the property owners be required to make improvements of this character until the lines of the roadway be determined in some definite manner such as that proposed.

The present wooden crossings at the points where it is proposed to erect the concrete bridges are in a decayed condition and many of them even at this time are dangerous to travel and liable at any time to involve the city in damage suits. Within a very short time at best, these structures will collapse and necessitate their reconstruction. Certainly this work can be done at this time at as small cost as at any time in the future, and if the bonds are voted we will have the benefit of their immediate use with the advantage that those who make use of them in the future will be called upon to pay their share of the expense.

The amounts proposed for the dual purpose is certainly not a large one compared with the benefits to be secured. Every citizen who desires either the establishment of a permanent an dadequate drainage system or the proper improvement of the County Road should vote in favor of the issuance of these bonds.

Although city taxes are slightly lower this year than last, we will soon have an electric fire alarm system—paid for out of the general fund of this year. With this important improvement out of the way, there is no reason to fear that the issuance of the proposed bonds will cause even a slight increase in the future. The lowering of the rate in the general fund will more than offset the amount required for both interest and sinking fund.

We would request our correspondents to kindly write on one side of paper only as type setters never turn the paper and in this manner valuable items are sometimes lost.

A vote for bonds next Tuesday means a vote for more work and better business.

We need a new City Hall—at present we have no City Hall at all

Palo Alto Banks Play Safe.

PALO ALTO, Feby. 11.—In order to forestall any possible criticism by the Santa Clara county grand jury at its next session, it is understood that Mayor J. C. Spencer, City Auditor C. H. Jordan, and City Treasurer Geo. R. Parkinson will make a joint resolution to the city council at its meeting Monday night to the effect that the city funds now on deposit in the Bank of Palo Alto be henceforth interest bearing at the rate of 2 per cent.

This action follows on the heels of the San Mateo County grand jury's action relating to county funds similarly deposited. City Treasurer Parkinson is president of the Bank of Palo Alto. There is no reflection on the integrity of the city or bank officials on whose voluntary recommendation the interest will probably be collected

He is the youngest native son ever elected to the board of grand officers and has been popular with the board. Members of the society all over the state are strongly urging him to become a candidate for the office of grand trustee at the approaching session of the grand parlor to be held at Lake Tahoe. A committee of the officers of the Stanford University is soon to apply to the Board of Supervisors of this county for the privilege of converting Cedro Cottage in this county and near the old home of the late John Monohan into a pest house to be used by the university. High School Boy Wins.

In the Educational Contest being conducted by the United Editors Association Master Erik Thompson a first year high school pupil of Redwood City has received the highest grade and will be awarded a $120 set of the United Editors Perpetual Encyslopedia and Dictionary as soon as the set arrives from New York which will perhaps be the early part of next week as the contest editor reports that the shipping receipt for the stock has already been received.

The judges found it impossible to recommend an award of the second prize to any one of the competitors. The percentage of the five highest competitors next to Master Thompson are so near that they recommend that they be called equal and that the second prize of $50 be divided equally among them. These five are as follows: Caroline Doxsee, 11th grade, Redwood City; Joe Fitzpatrick, 5th grade, Redwood City; Harriet Hooper, 8th grade, Halfmoon Bay; Henry Highland, 8th grade, South San Francisco; Duncan Reynard, 6th grade, Menlo Park.

These prizes will be awarded at the time the first prize is awarded. There are a number of pupils awarded third prizes whose names we did not learn.

GRAND JURY MAKES ITS FINAL REPORT

Recommends the Dismissal of Charges Against National Bank Officials.

RECOMMENDS BETTER SALARIES

Would Recall Accusations Against County Treasurer Chamberlain and the District Attorney.

The grand jury that has been in session for several months made its final report yesterday afternon. It is a volumnious document replete with recommendations and censures.

At the session of the inquisitorial body on Thursday the following communication was presented by the of ficers of the First National Bank:

THE FIRST NATIONAL BANK
of San Mateo County,
Redwood City, Cal, Feb. 9, 1910.

To the Honorable Grand Jury of the County of San Mateo.
Gentlemen:—

A question having arisen as to the right of P. P. Chamberlain, treasurer of this county, to make deposits in The First National Bank of San Mateo County without security, and as to the liability of the treasurer and the bank for interest on such deposits, and your honorable body having claimed that the treasurer and the bank had no right to make or accept such deposits, and that the treasurer, the bank, and its officers were criminally liable for having made and accepted such deposits, and civilly liable for interest thereon, and you therefore returned accusations against the treasurer and district attorney and indictments against the president and cashier of said bank, by reason of such controversy, and advised that suit be brought for interest on the deposits made, but your having also expressed your confidence in the personal integrity of the several persons accused, the undersigned having at all times acted in good faith in said matter, and while denying any legal liability, still desiring to act in the interest of the county and to avoid what might be long litigation, causing large expense to both the county and the undersigned, respectfully suggest that the said First National Bank of San Mateo County will pay to the county the sum of $10,000 in full settlement of all claims and demands in favor of the county against said treasurer, the bank and its officers for interest on all deposits made by the treasurer with said bank, up to this date, and trust that the question of interest being thus adjusted your honorable body will recommend that the said accusations and indictments be dismissed by the Superior Court of this county.

Yours very respectfully,
The First National Bank of San Mateo County,

J. L. ROSS
President
P. P. CHAMBERLAIN
Vice-President
L. P. BEHRENS
Cashier

The following communication was addressed to Judge Buck by Ross & Ross, attorneys for the bank:

To the Honorable Superior Court of the Conty of San Mateo, and Honorable Geo. H. Buck, Judge thereof.

The grand jury of this county having heretofore returned accusations against the treasurer and district attorney of said county, and indictments against the president and cashier of The First National Bank of San Mateo County, arising through deposits made by said treasurer in said bank, and advised the bringing of suit to recover interest on such deposits, and a communication having been addressed to the grand jury, a copy of which is enclosed herewith, and the grand jury having recommended that the suggestion therein contained be adopted and carried into effect, you are hereby respectfully requested to acquiesce in such recommendation and to order said accusations and indictments dismissed.

Dated February 10th, 1910.
Respectfully submitted,
ROSS & ROSS,
Attorneys for the several defendants.

The members of the grand jury accepted the proposition and recommended the court to dismiss the indictments against J. L. Ross and L. P Behrens, and the accusations against District Attorney Bullock and P. P. Chamberlain. A check for the $10,000 was paid over yesterday, The Bank of Burlingame also paid the sum of $265 for interest on $20,000 for 8 months and the Bank of South San Francisco $1280 for $32,000 for 33 months. All the banks agree to pay in future the 2 per cent for whatever sum of money they would secure from the treasurer.

The report blames the supervisors for the delay in completing the courthouse claiming the board to be incompetent and the contractors unscrupulous.

The board is also censured for the promiscuous way in which it grants permits for liquor licenses and also for its dilatory manner in taking up the petition to revoke the Maud Earle license.

The District Attorney is severely censured for not showing the proper disposition in suppressing gambling in the first township. The sheriff is also called to account, but in an other paragraph of the report the sheriff is thrown a bouquet and is relieved of all blame. He is not held personally responsible for gambling in the first township.

An accusation is brought against W. G. Loveland of the second township for mis conduct in office.

A. O. McCormick, justice of the peace at Pescadero is held incompetent and not fit to hold office

The' jury recommends that the district attorney have charge of all the school bond elections. The superintendent of schools is given a clean bill of health.

It is recommended that the salary of County Entomologist Hunter be with held until he makes a report which he has not done for several months.

The jury found the county hospital to be in need of repairs and recommends that the interest money be devoted to that purpose.

The jury recommends that salaries of county officers be as follows:—

Clerk, $3000 per, year, one deputy $1200, one deputy $600.

Recorder $3000, one deputy $1000, 2 deputies $600 each.

Sheriff $4500, one deputy $1200.

Assessor $3000, one deputy $600, 7 field deputies for three months each year at $100 per month.

Treasurer $3000.

Surveyor $24000.

Grand jurors and trial jurors $3 per day.

The experts report is very exhaustive. He finds all the books of the various officers to be in good condition.

A. J. Golson has more than he can do all the time. It speaks well for the town, every one is busy.

J. D. Rockfeler says that we shall have the Ocean Shore R. R. so we will not worry any more.

L. Coburn says that when he used to run a stage between here and San Mateo we had more visitors than now days.

Early Craig the attorney and Mr. Corners the U. S. Marshall were in town last Saturday night and left Sunday morning. They like our little town so they say and will call again.

L. Coburn says that you will always see Buzzards around where there is good picking.

We had a hard rain Tuesday night.

Norman Steele and Miss Fannie Bragetti were quietly married in Santa Cruz on Feby, 2d,. We wish them many happy years of married life.

Miss Louise Baptiste is sick with a bad sore throat.

The grand ball in Union Hall on Saturday night, Feby. 5th, given by the Pescadero Band was a great success.

Miss Hansen from Palo Alto is visiting at the home of James McCormick

We are informed that the Bradley Hotel or what was formerly the Swanton House is to change hands. A party in San Francisco will open the hotel soon for the coming summer.

The Flores house is well under way to be completed soon.

There will be two different fishing companies stationed at Pigeon Point with gasoline launches in the near future.

From Pomponia.

Two large raccoons were caught last week in Glenn Anerdson's famous trap. He says apples and live chickens are good bait.

Frank Francis is very busy putting in his crop, he is working early and late and is taking advantage of the good weather while it lasts.

Mrs. Anderson, who is employed on the battleship California, as a musician, is expected home with the fleet about February 15th.

Mrs. Tony Enos made a flying trip to Pescadero last Thursday—she must have a good horse.

Mrs. Carroll, mother of J. G. Anderson, is spending the winter with her sister, Mrs. Mary Wait, in Dayton, Washington. She writes that the weather is unusually cold there and old settlers claim it to be the coldest winter so far for a number of years past.

Andren Roy, one of our most thorough and prosperous farmers is through putting in his crops. Andy never stands back for Sundays or holidays when he is in a pinch.

Fred Berry a cousin to Mr. and Mrs. J. G. Anderson, has bought himself a new Premier five passenger auto in which he proposes touring the state this summer. We will see that he spends a good portion of his most valuable time on the Pomponia.

Celia Francis has certainly a wonderful breed of white Pekin Ducks.. It is all one can do to keep from setpping on their eggs they lay so numerous on the ground.

The Pomponia road has practically received but little attention this winter, as far as draining it is concerned. As a consequence it is in a very bad condition. We would suggest that it would be well to take heed of the old proverb—"A stitch in time saves nine," and it would also save lots of unnecessary expense and have a tendency to give better satisfaction all round.

San Bruno Happenings.

Members of the Volunteer Fire Company gave their semi-annual dance in the Town Hall last Saturday evening. In every way the affair was a most decided success. There was a large attendance, and to excellent music the dance was enjoyed until the approach of daylight warned the merry makers that it was time to prepare for another day's work.

The Reiss family are again occupying their home, which has been repaired after the damage by fire. The insurance on the place was settled by the insurance company bearing all expenses of the repairs.

The committee in charge of the benefit for Mrs. Taylor have turned over to that lady $96.65, the net proceeds of the entertainment.

Ready for Probate.

George E. Mason of Santa Clara county has applied in the Superior Court for letters of administration upon the estate of Thomas Jefferson Weeks, who died on February 4th. The petitioner is a grand nephew of the deceased. The estate consists of personal property and a deposit in a San Francisco bank, the amount of which is unknown. The petition states that the entire value of the estate does not exceed the sum of $2000. Mr. Weeks was an old time resident in and around La Honda and was well known in that section.

MathewCallan has applied through his attorney, Henry Ward Brown, for letters of administration upon the estate of his mother, Mary Callanan, known as Mary Callan, who died at Colma on December 22d, of last year. The estate consists of personal property worth $100 and real estate at Colma valued at $5,000. The heirs at law are: Patrick Callan, residing at Cedarville, Cal., Kate Fitzpatrick, Seattle, Peter, Margaret, Thomas, John, and James Callan, and Mary Zipzer and the petitioner, Colma, child ren of the deceased.

Frank B. Longley has applied for letters testamentary upon the estate of Samuel Longley, deceased, who died on December 21st, 1909. The estate consists of lot 11, block K, San Mateo Heights, lot 8, block 13, Burlingame, a deposit of $500 in the San Francisco Savings Union, a promisory note secured by a mortgage for $2000. New Actions Commenced.

Grace A. Wilber has brought suit in the Superior Court against her husband, H. C. Wilber, for a decree of divorce on the ground of desertion. The complaint alleges that defendant deserted and abandoned her in 1908. The couple were married in Oakland on May 29, 1894. There are three minor children as a result of the union and the plaintiff asks the custody of them. There are no property rights involved in the suit.

Z. W. Rollins has brought suit in the Superior Court against A. A. Burnham and G. Usher and Nellie Usher to recover the sum of $312.84 for a balance due on a contract Plaintiff built a windmill for Burnham on his property at Burlingame and failed to pay the balance due the contractor. Mr. and Mrs. Usher own the lots on which the mill was built and are made codefendants. Plaintiff asks for attorney fees in the sum of $100.

Offers Were Too Low.

When the matter of the confirmation of sales of certain of the Lee estate properties came up in court Thursday of last week, objection was made by the uncle of the Lee children that the prices offered were insufficient. One of the properties was the Parson House on Ellsworth Avenue adjoining the Hotel grounds the purchaser being Ina L. Cook and the price offered being $5625. By consent of all parties the matter was continued to give other possible bidders further opportunity to present their offers. When the matter was again reached in court last Saturday no new offer was presented but request was made for further continuance. Judge Buck refused to grant the delay asked, stating that he had made a personal investigation of the matter and had interviewed reliable real estate men and was convinced that the price offered was no less than the fair value of the property and in fact was in excess of what could be obtained elsewhere. The property has been on the market for a year and a half and $5500 is the most that has hitherto been offered for it. The accepted bid is with in ten per cent of the appraisement recently made by a board of apprisers consisting of George. A. Kertell, foreman of the grand jury, J. H. Hatch and Rev. C. H Kirkbride The estate is still heavily in debt and a sale of this and other properties is absolutely necessary. The sale was accordingly confirmed to Mrs. Cook. She has stated, however, that she will decline to consummate the sale in view of the objections raised, although her offer was made in entire good faith and fairness and has been fully approved by Judge Buck.

Mrs. Etta M. Simpson, who has had supervision of the Lee properties at San Mateo since the death of Mrs. Lee two years ago, has retired from the management. Small Damages Awarded.

The most startling drop in values ever recorded in the Superior Court was shown Monday when an award of damages in the sum of $150 was made to W. H. Obear, a realty dealer of San Mateo and Los Angeles, who had brought suit against the Sierra and San Francisco Power Company in sums agregation $505,000

The power corporation sued for a right of way across Obear's tract of land, known as East San Mateo, near that city, for the purpose of erecting their power line. Obear came back with a counter suit, asking $5000 for the right of way and $500,000 for dam ages sustained by the corporation's actions. He failed to get it by $504.850.

The company wanted a strip of land 2500 feet long and 20 feet wide and for this Obear asked a price at the rate of $4000 per acre and dam ages in the sum of $500,000. The jury was taken to view the land and on returning awarded Obear $150. Ross and Ross appeared for the Power Company.

Appraisers Make Report.

WILL INSIST ON CLEANER STREETS

Trustees Will Have Better Work or Revoke Contract for Street Sweeping

RESERVOIR IS CITY PROPERTY

Attorney Hall C. Ross Hands Council Deed of William H. Crocker for this Magnificent Property.

Monday night's session of the City Council was to a large extent devoted to routine business, disposing of a number of the minor matters which occur in the transaction of the business of the city. Perhaps the most important of these was the evident determination to insis upon a more thorough sweeping of the streets, which of late has been decidedly unsatisfactory.

As soon as the meeting, at which all of the Trustees were present, had been called to order, attorney Hall Ross was given a hearing for the purpose of presenting some additional legal steps in the improvement of the streets in Dingee Park. Under his direction the formal reports of the city tax collector as to the collection of assessments and the signing of installment agreements in districts 13 and 14 were read and approved. These show that it will be necessary to issue bonds for $54,313 in in district 13, and $33,105 in district 14. Mr. Ross then presented resolutions ordering the issuance of bonds in these amounts and directing their sale, which were adopted. The bonds are to be in denominations of $1,000 each, bearing interest at 7 per cent, and will be sold at the meeting of the Council February 21st.

Mr. Ross also presented to the Council the deed from William H. Crocker to the city of the new reservoir site, and the city is now the actual owner of this valuable property. The tract conveyed comprises 3.67 acres, besides a 30-foot right of way from the city limits. It is probable that in a short time the Trustees will offer some public acknowledgment of the gift.

Upon the recommendation of the superintendent of streets, A. Hess was allowed a partial payment of $1,000 on account of his contracts for laying water mains.

A. L. Beam's map of the subdivision of lot 52 of the Redwood Farm addition with the dedication of South street was approved.

Street Superintendent Dickey asked that the city bear the expense of necessary repairs to his wagon. As it appears that the wagon is used entirely in doing city work, the request was considered a reasonable one and was granted.

As the suggestion of Trustee Hynding it was decided to dismantle the old water tanks on Phelps street. The Clerk was authorized to invite bids for doing the work, the contracto to retain the wood.

After some little discussion of the city assessment roll, during which it was stated that no actual field assessment of city property had been made during the past nine years, it was decided that a complete revision of the city assessment should be made for this year. With this object in view, the finance committee was instructed to confer with County Assessor Hayward.

A communication was presented from Lohman & Co., advising slight modifications in the proposed specifications for the fire alarm system. As soon as the changes are made bids for the system will be asked for.

At the suggestion of Chairman Merrill it was ordered that a written notice be served on the contractor for the street sweeping warning him that unless an improvement is made in the character of his work steps will be taken to revoke his contract.

succeed. Committees were appointed to draft rules for an association, and so certain was the project of support, that it was fully decided to immediately fit up a room for the purpose. As a means of advancing interest in the project, Dr. Merrill made an offer of a vacant room in the American Hotel building free of rent for the first year, which was accepted and the work of fitting up the room was commenced within the week, for which an expense of about $250 was incurred. The committee appointed to solicit subscriptions for the library fund met with gratifying success, and on the 1st of October the organization of the association was completed with the selection of the following officers: H. N. Nutting, president; C. N. Fox and S. S. Merrill, vice presidents; B. A. Rankin, secretary; and Frank Doutrick, treasurer. By the end of the month the room had been fitted for use and a number of papers, books and periodicals secured, and on the evening of October 31st the rooms were thrown open for use. The officers of the new association made every possible effort to make the rooms a popular resort for the people of the town, and in addition to the facilities for reading tables were provided for chess and other games of this character, and although the place was not strictly free, deriving its support from the dues of members, the list of members was large and there was every prospect that th enew addition to the town was here to stay.

The board met Tuesday at 1 o'clock. All the members were present except McEvoy.

Casey objected to the meeting being called to order, claiming it was illegal inasmuch as the board failed to assemble at 10 o'clock, to which hour an adjournment was taken the day before.

The District Attorney advised the board that the meeting was within the bounds of the law.

James Nealon made a vigorous speech in favor of having the two claims of the O'Brien Company paid. After much wrangling the bills were allowed.

The application of Sid Hester for a prizefight permit brought out much oratory in opposition to granting the same. Blackburn desired to shut this off but failed. E. E. Cunningham delivered a strong argument in opposition to the application, claiming it was a felony to permit prizefights in the county.

Henry Ward Brown quoted the law, showing that it was illegal to grant the permit. He made an eloquent speech against the granting of the same.

Attorney Archer Kincaid and Attorney Burke also pointed out the law.

E. J. Woodman, McMillan and Mr. Finneman delivered speeches in opposition.

D. D. Kearns spoke in favor of the application reiterating what he had said at the last meeting.

District Attorney Bullock said he was not prepared to advise the board on the matter but thought that other permit, held by Coffroth, should be revoked.

The board failed to act, but put itself on record as saying that the Coffroth permit would be revoked at the next meeting.

The Hester application was withdrawn.

The board adjourned to meet next Monday.

Reports of county officers will be found on first page.

Red Star.

Come join our little wagon:
The work is very fine,
Linen as white as snow balls,
Delivery right on time.
The Star is always shining,
Although a little red;
It hurts the eyes of people
That wish I was dead.

I am ready for your washing;
Please with others do compare.
And hand out all the bundles,
If you have anything to spare;
You will find me always ready,
Both large and small, I'll take;
I will meet you with the prices
And give you an even break.

My home is in old Redwood,
Where the people they are fine;
I am out for all new business,
You can find me any time.
Do not overlook new business,
For opposition is the life of trade;
The foundation of this laundry
Before you I have laid.

You will find that I am a live one;
Troubles never bother me;
I am always on the war path,
As you can plainly see;
So give me a little trial,
If your highness I dont jar;
Do not overlook the wagon
With Laundry and Red Star.

HELPFUL WORDS

From a Redwood City Citizen.

Is your back lame and painful?
Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms indicate weak kidneys;
There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt attention.
Doan's Kidney Pills act quickly,
They strengthen weak kindeys.
Read this Redwood City testimony.

Mrs. H. C. Wilder, 908 Arguello street, Redwood City, Cal., says: "After using Doan's Kidney Pills and receiving great benefit, I publicly endorsed them in July 1907. Now two and a half years later, I still hold this remedy in high esteem and strongly recommend it to anyone suffering from backache or other symptoms of kidney trouble. One of my relatives has used Doan's Kidney Pills and praises them just as highly as I do. I procured Doan's Kidney Pills at P. A Ryan's Drug Store and shall be glad to give them a word of praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
